

St. Mark Youth Enrichment After School Programs

School Year 2025-2026 Outcomes Report Summary

To measure success we follow a results based accountability model which asks not only how much did we do and how well did we do it, but so what? Is anyone's life better off because of what we do?

How much did we do?

- 94 students were enrolled.
 - 56 in Dubuque schools
 - 38 in Western Dubuque schools

How well did we do?

- Staff are trained in social emotional models and best practices to implement with students through daily interactions, activities, lessons, and play.
- Enrichment activities were one of students' favorite parts of the program. A total of 69 took place this school year across all sites.
- 78% of students attended program regularly (more than 60% of days).

Is anyone better off?

- School-day assessment data shows that 64% of Dubuque students maintained or improved their reading and math skills, scoring at or above the level considered "low risk" for academic challenges.
- 86% of students in the after school programs improved to or maintained within a typical or strength level social emotional skills as measured by the Devereux Student Strengths Assessment.

"He made some great growth throughout this year! I have witnessed St. Mark positively impact him and his relationship skills this year."

-St. Mark Staff

"Learning how to deal with emotional response to frustrating situations is a very helpful tool he has learned with the help of the St. Mark staff."

-St. Mark Parent

The mission of St Mark Youth Enrichment is to provide innovative programs and services that cultivate the educational and social-emotional growth of youth and families.
